

WHY YOU SHOULD HIRE AN ATTORNEY

Having an attorney on your business team will provide vital assistance in almost every aspect of your business. A lawyer can handle everything from formal business incorporation, lawsuits and liability to zoning compliance and copyright and trademark advice.

IF YOU ARE BEING SUED, IT'S TOO LATE!

At the Contiguglia Law Firm, our fundamental philosophy is to prevent legal disputes from occurring in the first place. Having strong legal fitness will reduce the risk of legal disputes. Unfortunately, many businesses put off hiring a lawyer until the dispute has gotten out of hand, or they are now involved in litigation. Bad luck! The time to associate with a good business lawyer is BEFORE the dispute arises. Once litigation has commenced, it's too late and the problem has already occurred. Then, it's just a matter of time and how much you will have to pay (in court costs, attorneys' fees, settlements and other expenses) to get the problem resolved.
